

CHEM 51 HOMEWORK – SPRING 2016

These assigned problems are the “PRACTICE PROBLEMS” embedded throughout the chapters. These can be done online at Pearson’s Mastering Chemistry website at

<http://www.pearsonmylabandmastering.com/northamerica/masteringchemistry/students/> using the course code MCSPILLNER94692. You can also do these problems by hand and turn them in on the due date. You can turn in a combination of ONLINE and paper. Just write down on your paper which questions you did ONLINE.

Homework is due usually the following class meeting upon completion of the Chapter. The only exception is if there is a TEST the following class meeting after completion of the Chapter. In that case homework will be due the next class meeting. DUE DATES ARE LISTED BELOW.

If you have any questions ask Dr. Spillner.
